II. INDEX OF PLACE-NAMES

Index of Names of Persons

Note.—The names of testators, intestate persons or wards, printed in heavy type in the preceding text, are not repeated in this Index, as a rule. Where maiden names can be ascertained from the body of the will, they are included.

Where surnames in common use today, or at least with well-known spellings, are unusually or curiously used in the text, the current modern spelling is substituted in this Index, to facilitate reference. An exception is made where proper spelling is uncertain. To a lesser extent the same rule has been applied to Christian names.
